

**HAND WINDERS**

		<b>DESCRIPTION</b>
1		<p><b>BVB-01</b>            Heavy Duty Hand Winder with a revolution counter and lock. Fitted with a 285 mm winding bar            Dimensions: 50 x 19 x 31 cm Weight: 5kg            Shipping Dimensions : 52 x 42 x 50 cm 18kg            Clockwise counter rotation for winding motor coils (anti clockwise possible)</p>
1.1		Optional Set of arbors to suit. 4 pairs equal sizes and 3 concentric sizes
1.2		Optional KO dereeler for mounting on a the bench in front of the BVB-01
2		<p><b>BVB-02</b>            Heavy Duty Hand Winder with a revolution counter and lock.            Fitted with a 285 mm winding bar            Fitted to a base plate complete with TN bobbin holder/de-reeler            Dimensions: 57 x 46 x 58 cm Weight: 10kg            Shipping Dimensions : 51 x 51 x 40 cm 27kg            Anticlockwise winding shaft rotation for use with de-reeler</p>
2.1		Set of arbors to suit. 4 pairs equal sizes and 3 concentric sizes
3		<p><b>BVB-03</b>            Heavy Duty Hand Winder with a revolution counter and lock.            Fitted with a drill chuck and winding spindle            Fitted to a base plate complete with TN bobbin holder/de-reeler            Dimensions: 57 x 40 x 58 cm Weight: 8kg            Shipping Dimensions : 57 x 57 x 45 cm 22kg            Anticlockwise winding shaft rotation for use with de-reeler</p>
4		<p><b>BVB-03A</b>            Heavy Duty Hand Winder with a revolution counter and lock.            Fitted with a drill chuck and winding spindle            Fitted to a base plate with column only, ready to accept a bobbin of your choice            Dimensions: 53 x 40 x 45 cm Weight: 7kg            Shipping Dimensions : 57 x 57 x 45 cm 21kg            Anticlockwise winding shaft rotation for use with de-reeler</p>

4.1		<p><b>BVB-03B</b>            Heavy Duty Hand Winder with a revolution counter and lock.            Fitted with a drill chuck and winding spindle            Clockwise counter rotation (anticlockwise possible on request)</p>
4.2		<p><b>BVB-03C</b>            Heavy Duty Hand Winder with lock.            Fitted with a drill chuck and winding spindle            Clockwise counter rotation (anticlockwise possible on request)</p>
5		<p><b>BVB-04</b>            Heavy duty small winder. Fitted to a base with drive via a single phase motor and rheostat.            Fitted with winding spindle safety guard.            Suitable for small transformer type coils            No tensioner included.            Dimensions 64 x 70 x 62 cm Weight: 22kg            Shipping Dimensions : 88 x 76 x 91 cm 59kg</p>
6		<p><b>BVB-04A</b>            Heavy duty small winder. Fitted to a base with drive via a single phase motor and rheostat. 3300 rpm. 0.18kW motor            Fitted with winding spindle safety guard.            Suitable for small transformer type coils  <b>Supplied with TN Bobbin holder and dereeler</b>            Dimensions 64 x 70 x 62 cm. Weight 26kg            Shipping Dimensions : 88 x 76 x 91 cm 64kg</p>
7		<p><b>BVB-05</b>            Manual Coil Winding Machine with 2:1 and 4:1 ratio gearing with self centring chuck and rev counter: centre height 100mm allowing coils of up to 190mm diameter to be wound including non-return lock            Dimensions 45 x 15 x 24 Weight: 7kg</p>
8		<p><b>BVB-06</b>            Discontinued</p>
