
SAW-02 Automatic Coil Winding Machine

<http://www.whitelegg.com/product-search/saw-02-automatic-coil-winding-machine>

Fully Automatic CNC Controlled Coil Winding Machine. Superb graphic interface shows the winding pattern.

- Super-fast setting times
- Ideal as a production machine or in a rewind workshop
- Simplest data entry
- Optimum user interface
- On screen graphics
- Standard arbor programmes
- Motor data library
- Guaranteed winding precision
- Two spindle version
- Other models available with different torques and winding parameters
- 3.0 kW winding motor (larger on request)
- up to 400 rpm winding speed
- IEC frame sizes 56-315
- Coil diameter: 50-1060mm
- 25 x 1.32 mm wires in parallel maximum
