

SAW-01 Automatic Coil Winding Machine

<http://www.whitelegg.com/products/electric-motor/electric-motor-rewind-and-repair/saw-01-automatic-coil-winding-machine>

Fully Automatic Coil Winding Machine with superb graphic interface

- Very fast setting times
- Simple data entry
- Optimum user interface
- On screen winding graphics
- Standard arbor programs
- Motor data library
- Guaranteed winding precision
- Two spindle version available
- Other models available for different winding diameters and torque characteristics.
- 2.0 kW motor max motor load, 1.5 kW continuous
- 25-400 rpm infinitely variable winding speed
- for IEC frame sizes 56-225
- 50-750 mm coil diameter
- 8 wires in parallel x 1.32 mm is maximum cross sectional area
