

TM-8 MK 2 Fine Wire CNC Forming Machine 0.2-0.8mm

<http://www.whitelegg.com/products/wire-forming/spring-and-wireform-machinery/tm-8-mk-2-fine-wire-cnc-forming-machine-0-2-0-8mm>

Ultra fine wire CNC wire forming machine

- Wire range 0.2-0.8 mm
- Full Windows control
- The TM-8 has a full 360 degree working table. Every single slide and axis is independently controlled and driven.
- Rotary tooling system gives a stable wire line required for consistent forming of finer wires
- <https://www.youtube.com/watch?v=OjqdqLKjMnQ>
- Any working angle for the slides is achievable leaving no "dead zone"
